

Hitherfield Families,

Hitherfield has been a staple of its community since opening its doors in 1991. Over the past 30 years it has been our goal to not only nurture the curiosity and development of independent thinkers, but to also ensure the safety and general well-being of our students. These goals have been especially relevant during the COVID-19 pandemic as our administration has worked tirelessly to ensure the safety of not only our students and staff, but also the safety and health of their families and the surrounding community. We have made necessary changes throughout the school that have not only affected the ways in which our classrooms operate each day, but also physical changes to the school that will help mitigate the risk of transmission of the virus within our walls, and lastly we continue to educate our students and their families of the risks of COVID-19 and what they can do at home to help *stop the spread*. With so many changes to our policies, one thing has remained true, we remain steadfast in our commitment to providing our students with the high level of education that has come to be expected of us.

We will continue to monitor and evaluate the situation in order to maintain this quality of service, and hope that one day soon this will all be behind us.

Thank-you for your continued support.

Hitherfield Administration

Within Reach... Beyond Expectations.
